ASPIRING DATA ANALYST

BCA graduate with hands-on experience in data cleaning, exploratory analysis, SQL querying, and dashboard development. Skilled in Excel, SQL, Python basics, Power BI, and Tableau, with the ability to transform raw data into clear business insights and visual reports. Seeking an entry-level Data Analyst or Business Analyst opportunity.

TECHNICAL SKILLS

Data Analysis: Data cleaning, exploratory analysis, KPI development, trend analysis, profitability analysis, business reporting

Tools: Excel, SQL, Python basics, Power BI, Tableau, Git/GitHub

SQL: Joins, aggregations, subqueries, CTEs, window functions, data-quality checks

Power BI: Data modeling, DAX measures, interactive dashboards, slicers, KPI cards

Additional: HTML, CSS, JavaScript

PROJECTS

Superstore Sales and Profitability Analysis

Tools: Excel, SQL, Python basics, Power BI, Tableau | *GitHub:* [Prasanna-shree/superstore-sales-analysis](#)

- Cleaned and profiled order-level retail data using Excel and Python basics, checking missing values, duplicates, dates, and numeric fields.
- Analyzed sales, profit, orders, quantity, profit margin, products, categories, customer segments, regions, states, shipping modes, and discount bands.
- Developed SQL queries using aggregations, joins, CASE statements, CTEs, and window functions to analyze sales trends and profitability.
- Built interactive Power BI and Tableau dashboards covering executive KPIs, monthly trends, product profitability, regional performance, customer segments, discount analysis, and shipping metrics.
- Identified high-sales, low-profit products and underperforming categories or regions to support pricing, discount, product, and operational decisions.

Pet Adoption Platform

Tools: SQL, HTML, CSS, JavaScript | *Personal Project*

- Designed a normalized SQL database across users, pet listings, and adoption-request modules to improve data organization and reduce redundancy.
- Developed database functionality for user registration, pet listings, and adoption-request workflows using SQL.
- Built a responsive frontend using HTML, CSS, JavaScript, Grid, and Flexbox for consistent presentation across devices.

EXPERIENCE

Web Development Intern — 8Queens Software Technologies Pvt. Ltd.

Chennai, Tamil Nadu | Jun 2024 – Jul 2024

- Collaborated with the UI/UX team to standardize layouts and improve visual consistency across 5+ web pages.
- Applied semantic HTML and standards-based coding practices to support a cleaner and more maintainable codebase.
- Participated in structured code reviews and worked with team members to implement frontend improvements.
